---

3

**What You've Learned So Far...**

- ☒ What's **New Code NLP** and the needs that have risen for a new type of leader
- ☒ How **New Code NLP** was born and how it creates more congruent, ecological and excellent leaders

---

---

---

---

---

---

---

---

## Classic Code VS New Code

- ✓ Outdated transformation practices that agents of change are still using
- ✓ How those practices compare to the evolutionary new ways of New Code NLP

4

---

---

---

---

---

---

---

---

5

---

---

---

---

---

---

---

---

6

---

---

---

---

---

---

---

---

## The Problem Is...

- ☒ We're dealing with people who have different backgrounds, values, ideas, beliefs, thoughts, behaviors, habits, patterns, programs and so on!
- ☒ Your specific results can ONLY come when your ability to work with people is optimum
- ☒ Your ability to work with the way humans are wired... at the deepest unconscious level!
- ☒ Any human evolution and transformation technology that was not created considering the way humans are wired is simply outdated

7

---

---

---

---

---

---

---

---

## Classic Code NLP VS New Code NLP

- |   |  |
|---|--|
| <input checked="" type="checkbox"/> Attempts to generate change at a more superficial level of the human experience | <input checked="" type="checkbox"/> Creates change at a more profound level or said differently at an earlier point of access in the brain |
|---|--|

8

---

---

---

---

---

---

---

---

## Classic Code NLP VS New Code NLP

- |  |   |
|--|---|
| <input checked="" type="checkbox"/> Works at the level of behavior | <input checked="" type="checkbox"/> Empowers the client by tapping into the State |
|--|---|

9

---

---

---

---

---

---

---

---

10

**Classic Code NLP VS New Code NLP**

☒ Works at the level of goals      ☒ Works with the Intention

11

**Classic Code NLP VS New Code NLP**

☒ Works with the conscious mind or ignore direct communication with the unconscious mind altogether      ☒ Integrates direct communication with the unconscious mind

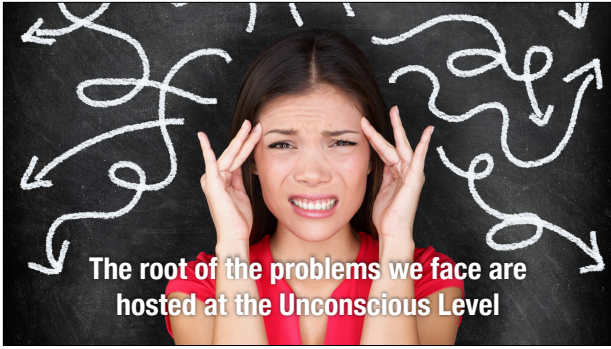

12

With New Code NLP you **ACTUALLY** communicate consciously with your unconscious mind!

13

---

---

---

---

---

---

---

---

### Classic Code VS New Code

- ☒ **New Code NLP** DIRECTLY guides the Client to communicate with the Unconscious Mind
- ☒ **New Code NLP** creates a High Performance Team between the conscious and unconscious mind that is working "inside" the Client, so the change process is effortless, faster and more effective

14

---

---

---

---

---

---

---

---

### Classic Code VS New Code

- ☒ **Classic Code NLP** and outdated approaches take longer, they typically create dependency on the agent of change (even with traditional coaching)
- ☒ **Classic Code NLP** generates complications along the way because you are not working with clean states and the change is not congruent or long lasting

15

---

---

---

---

---

---

---

---

## Classic Code VS New Code

✓ **New Code NLP** works at the level of state, at the level of intention and engaging the unconscious mind

✓ **New Code NLP** can be applied easily to any challenge and in any industry to generate **FASTER** and more **CONGRUENT** transformation.

16

---

---

---

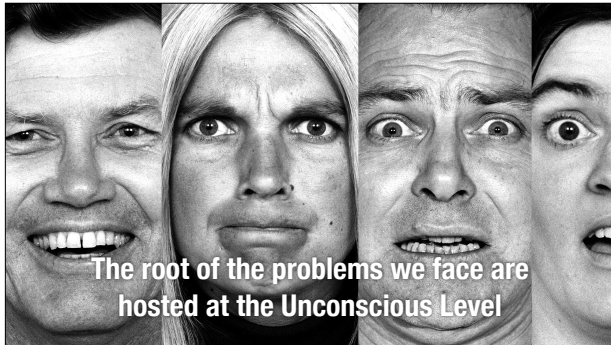

---

---

---

---

---

The root of the problems we face are hosted at the Unconscious Level

17

---

---

---

25

## QUICK RECAP

- ✓ Your ability to generate results can **ONLY** come when you understand how humans are wired.
- ✓ **Classic Code NLP** and other modalities work with the behavior and the conscious mind, ignoring direct communication with the unconscious mind
- ✓ **New Code NLP** is faster and more effective because it works at the **level of state**, at the level of **intention** and it integrates **direct communication** with the unconscious mind
